Super A+ Serum

asap super A+ serum is a high potency overnight revitalising treatment containing Vitamin A (Retinol), Hyaluronic Acid plus a cutting edge Biomimetic Tripeptide to help diminish the appearance of sun damage/pigmentation and assist with skin tone and texture. Scientifically formulated to reduce the visible signs of ageing and support the production of healthy collagen, leaving firm, smooth and more youthful looking skin.

Revolutionary anti-irritant complex

PRECAUTIONS: Avoid use while pregnant

Do not use if taking prescription acne medication

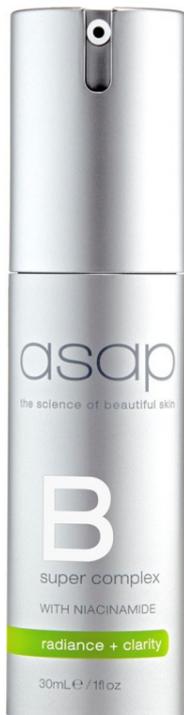

Always use a sunscreen when using a Vitamin A treatment.

Suitable for: all skin types

Directions for use: Apply sparingly in the evening after cleansing. Limit initial use to no more than every other night. Gradually increase frequency of use to every night, as tolerated. For optimum results mix B and A+ serums together. Combine on the back of the hand and apply.

Key Ingredients: Retinol (Vitamin A), Biomimetic Tripeptide, Crosslinked Hyaluronic Acid, Tocopheryl Acetate (Vitamin E), Symbiocell™ (Cestrum Latifolium Leaf Extract)

Super B Serum

A fast-acting serum containing a high concentration of Niacinamide (Vitamin B3) to boost collagen production and reduce pigmentation.

Featuring crosslinked Hyaluronic Acid with 5 times the moisturising power and 50 times the moisture retaining properties of traditional hyaluronic acid to substantially boost skin hydration.

Includes vitamins B5 and B9, plus additional active ingredients to improve skin tone and visibly reduce the appearance of fine lines and wrinkles.

Helps regulate sebum production and reduce appearance of redness including acne type skin

Suitable for: all skin types

Directions for use: After cleansing/exfoliating in the morning, apply a few pumps to clean, dry skin and allow to penetrate before applying other asap serums or moisturisers. May also be applied in the evening after cleansing and before applying other asap serums and moisturisers.

Super C Serum

A unique combination of three of the most powerful antioxidants, Vitamin C (as L-ascorbic acid 20%), Pycnogenol and Idebenone

Scientifically formulated to reduce the visible signs of premature ageing caused by the sun and other environmental damage
Daily use of Vitamin C promotes skin radiance.

Suitable for: all skin types

Directions for use: Apply each morning after cleansing/exfoliating and allow asap super C serum to penetrate the skin before applying an asap moisturiser and sunscreen.

Key Ingredients: 20% pure Vitamin C (L-ascorbic acid, Pycnogenol (Pine Bark extract), Idebenone

Radiance Serum

asap radiance serum combines an anti-ageing Biomimetic Tripeptide, a powerful AHA/BHA blend and a skin brightening botanical extract to increase cell renewal, rejuvenate skin and assist in the reduction of pigmentation, sun damage and acne
Brightens dull, tired, ageing skin, leaving it feeling smoother, firmer and more supple

An effective tyrosinase inhibitor, assists in the reduction of pigmentation

Encourages increased production of collagen and elastin, helping to reduce the appearance of fine lines and wrinkles

Works overnight to help hydrate, repair and regenerate UV-damaged skin

White Tea, Bilberry and Mulberry provide antioxidant benefits and protect against free radical damage

Suitable for: Sun damaged and pigmented skin, Fine lines and wrinkles, Acne prone skin, All skin types, Best applied at night following cleansing/exfoliating

Directions for use: Apply sparingly at night as an all over anti-ageing, pigmentation facial treatment. May also be used to treat acne and combat breakouts.

Anti-ageing Night Cream

Key Ingredients: Biomimetic Tripeptide, AHA/BHA Complex, Bilberry Fruit Extract, White Tea, Mulberry Fruit Extract

Anti-ageing Night Cream

Contains AHAs to gently loosen and remove dead skin cells, stimulate collagen and promote cell renewal resulting in younger, fresher looking skin.

Antioxidants help protect skin against free radical damage and restore balance.

Low oil, lightweight formulation replenishes and rehydrates the skin. Easily absorbed intensive night treatment.

Suitable for: Suitable for all skin types excluding acne.

Directions for use: At night, after cleansing, apply a small amount to clean dry skin. Mature clients may require asap advanced hydrating moisturiser 15-20 minutes following the application of anti-ageing night cream.
